

Retail Shelf Plan

++ Wheels ++ Trailerparts ++

Over the past 50 years, we have come to know our customers well. We understand that as a retailer, you rely on prompt product delivery and maximizing value per square meter of store space. That's why we developed the retail shelf plan: a **fully managed service** that **drives sales** for your store.

A ready-to-use concept - This is how it works

1. Choose your shelf plan: one, two, or three meters filled with a pre-selected range of products with high rotation speed.
2. The complete shelf is delivered to you, including shelf tags with product name, specifications, and barcode.
3. Your sales representative comes and sets it up for you.

Including light!

What's in it for you?

- Strong presentation of a wide range of high-quality wheels and/or trailer parts to simplify sales to consumers;
- Professional-looking shelves on loan;
- Free delivery and installation assistance;
- Expert advice and support from your sales representative.
